

# Tech Talk

## MFIT 841: Digital Capital Markets

### Overview

The tech talk is a quick 15-minute presentation on a topic of interest, related to the course material, on the day that you are presenting.

### Direction

Students will prepare and present a slide deck on a topic, regulation, new item, or firm that was recently discussed in the media. Include information on why this is important and some key details. The idea is to impart as much knowledge as possible in 15 minutes.

The presentation should be **no longer** than 15-minutes and 10 slides. The format and style of your presentation is important.
